MEMORANDUM

To: Intentional Peer Support Training Applicants

From: The Office of Consumer Affairs, OAMHS, DHHS

Re: Application Procedure

Welcome to the growing field of Intentional Peer Support. The Department of Health and Human Services Office of Adult Mental Health, Office of Consumer Affairs has worked for several years with consumers from throughout Maine to create what we believe to be a quality training program.

Enclosed you will find an application to participate in the State of Maine's Intentional Peer Support Specialists Training program. Completion of this training, coupled with a year of co-supervision, continuing education, and working or volunteering in Intentional Peer Support will earn you Certification as an Intentional Peer Support Specialist (CIPSS).

You must have participated in and completed the three-hour Peer Support 101 workshop before submitting this application. If you're not certain if you've met that requirement, or have any other questions about completing this application, please contact Kelly Staples, 287-5805 or kelly.staples@maine.gov.

With this application you will also find 3 reference forms. Please have your references fill out the enclosed forms, place in an envelope, seal and sign their name across the seal. When you have all of your references and your completed application, please mail in one envelope to:

Office of Consumer Affairs
11 State House Station
2nd Floor Marquardt
Augusta, ME 04333-0011

Participation in the CIPSS training program requires a significant dedication of time, energy and resources shared between you, the trainers and the State of Maine. While training is provided at no cost, acceptance into the training program signifies that the State of Maine is making a substantial investment in you and in Maine's future. By applying to this program you make a commitment that you will participate fully in:

- Web-based training
- Seven full days and 3 half days of classroom training, including homework
- Completion of a final workbook

Our vision is Maine people living safe, healthy and productive lives.

In order to earn and maintain your certification you will be required annually to participate in:

- Quarterly Co-Supervision
- Two Continuing Education Classes
- Engaging in 75 hours of Intentional Peer Support

Preference will be given to applicants who are already working in programs where the certification is required or have offers of employment. However, don't let that prevent you from applying; several slots are available for people not currently working in those programs. A committee of individuals who have previously completed the CIPSS training will evaluate applications.

We regret that we will not be able to accept all applicants to this program. Space is limited and we realize this program may not be for everyone. However there are several other opportunities for learning and practicing Intentional Peer Support. If you are interested in finding out more or have questions about completing this application, please contact Kelly Staples, 287-5805 or kelly.staples@maine.gov.

We look forward to working with you as we explore the growing world of peer support in Maine!

The Department of Health and Human Services (DHHS) does not discriminate on the basis of disability, race, color, creed, gender, age, or national origin, in admission to, access to or operations of its programs, services, or activities or its hiring or employment practices. This notice is provided as required by Title II of the Americans with Disabilities Act of 1990 and in accordance with the Civil Rights Acts of 1964 as amended, Section 504 of the Rehabilitation Act of 1973 as amended, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972 and the Maine Human Rights Act. Questions, concerns, complaints, or requests for additional information regarding the ADA may be forwarded to the DHHS' ADA Compliance/EEO Coordinator, State House Station #11, Augusta, Maine 04333, 207-287-4289 (V) or 207-287 3488 (V), TTY: 800-606-0215. Individuals who need auxiliary aids for effective communication in programs and services of DHHS are invited to make their needs and preferences known to the ADA Compliance/EEO Coordinator. This notice is available in alternate formats, upon request.
